### Women Entrepreneur Awards (WEA)

WEA started with a singular mission to celebrate the entrepreneurial spirit of women in Singapore. Today, this award has extended to a host of Women Entrepreneurs' initiatives to drive the development and growth of women entrepreneurs, from mentoring, education, networking to capital raising opportunities. Inaugurated in Singapore in 2016, WEA network will be launched in Indonesia, Malaysia and Greater China by 2019, with a vision to empower women owners in Asia.

WEA is founded by Singaporean's serial entrepreneur, Ms Stephanie Cheo, CEO of S-Auxano, an integrated communications agency.
